

- Ceiling diffusers
- Linear diffusers & linear grilles
- Plenum slot diffusers
- Fire rated diffusers
- Eos® adjustable pattern diffusers
- Grilles & registers
- Security grilles
- Terminal units
- Critical environment air distribution
- Flobar® architectural air distribution
- Underfloor air distribution
- VAV boxes
- Displacement ventilation
- Fan coil units
- Light troffers

TROX® TECHNIK

- Chilled beams
- Displacement ventilation
- Underfloor systems
- Swirl diffusers
- Air distribution for performing arts & assembly area

- All stainless steel air doors/curtains
- Flush mount & hidden
- Gas fired
- Steam & hot water coil heated
- High power & high velocity
- Control panels

- Energy recovery ventilators (ERV)
- Rangehoods

- Airstage VRF systems
- Halcyon split units
- Mini splits

- Explosion proof unit heaters
- Wash down & corrosion-resistant unit heaters
- Duct heaters
 - Finned tubular
 - Explosion-proof
- Explosion-proof convectors
- Electric immersion heaters
- Process air heaters

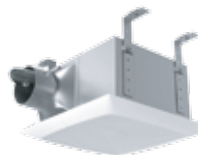

- Fire dampers
- Fire/ smoke dampers
- Louvres
- Penthouses
- Sunshades
- Industrial dampers
- Control & balancing dampers
- Bubble-tight dampers
- Low leakage dampers
- Thermally broken blade dampers
- Sound control
- Air measuring products
- Zone control products
- Energy recovery (ERV)
- Remote balancing damper actuators

- Fans
 - Mixed flow
 - Industrial
 - Vane axial
 - Aerofoil
 - High temperature
 - Pressure blowers
 - Material processing
 - Plug fans

- High rise suite ventilation
- Low profile ERV/HRV
- Bathroom exhaust fans
- Inline fans
- Multi speed fans
- Fire rated fans
- Dryer boosting fans
- Wallboxes
- Vents
- Lint traps
- Wall switches
- Pressure switches
- Current sensing switches

- Remote cable operated dampers

- Centrifugal fans
- Spun aluminum powered roof / wall exhausters
- Restaurant exhaust fans
- Square inline duct fans
- Filtered air supply fans
- Low profile power roof exhausters
- Class I & II centrifugal blowers
- Ceiling & cabinet fans
- High heat fans
- Explosion proof fans
- Axial flows fans
- Sidewall propeller fans
- Propeller roof exhausters
- Tubeaxial duct fans
- Garage exhaust fans
- Steam humidifiers
- Energy recovery (ERV)

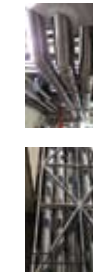

- Architectural vents
- Aluminum diffusers
- Jet nozzle diffusers
- Dryer vents

- Gas detection
- Explosion-proof sensors

- Boiler & Engine Exhaust Venting
- Condensing Boiler Venting
- Venting for Water Treatment Plants
- Grease Ducts
- Freestanding Stacks
- Venting for Generators, Schools, Hospitals, Condominiums, Commercial & Institutional Applications
- Venting Accessories (Draft Control, Barometric Dampers, Pressure Relief Valves)

- Fabric ducting and dispersion systems

- Damper actuators
- Control valves
- Piping packages for hot/cold water coils

- Energy efficient destratification fans for thermal equalizations

- High Volume Low Speed (HVLS) Fans

- Source capture systems
- Dust collection

- Residential rangehoods with integral fire suppression

- Restaurant exhaust hoods

- Radiant Tube Heaters
- Patio & Space Heaters

- Industrial Air Movement Equipment

- Electric Space Heaters

CELEBRATING 40 YEARS OF INTEGRITY, COMMITMENT AND RESPECT IN ONTARIO'S HVAC COMMUNITY.
